

(F) support technology transfer and related activities; and

(G) promote access and development across the Federal Government and to United States industry, including startup companies, of early applications of the technologies, innovations, and expertise beneficial to the public that are derived from Program activities.

(4) BIODEFENSE EXPERTISE.—

(A) IN GENERAL.—In carrying out the Program, the Office shall support research that harnesses the capabilities of the National Laboratories to address advanced biological threats of national security significance through assessments and research and development programs that—

(i) support the near- and long-term biodefense needs of the United States;

(ii) support the national security community in reducing uncertainty and risk;

(iii) enable greater access to top researchers and new and potentially transformative ideas for biodefense of human, animal, plant, environment, and infrastructure assets (including physical, cyber, and economic infrastructure); and

(iv) enable access to broad scientific and technical expertise and resources that will lead to the development and deployment of innovative biodefense assessments and solutions, including through—

(I) the accessing, monitoring, and evaluation of biological threats to reduce risk, including through analysis and prioritization of gaps and vulnerabilities across open-source and classified data;

(II) development of scientific and technical roadmaps—

(aa) to address gaps and vulnerabilities;

(bb) to inform analyses of technologies; and

(cc) to accelerate the application of unclassified research to classified applications; and

(III) demonstration activities to enable deployment, including—

(aa) threat signature development and validation;

(bb) automated anomaly detection using artificial intelligence and machine learning;

(cc) fate and transport dynamics for priority scenarios;

(dd) data curation, access, storage, and security at scale; and

(ee) risk assessment tools.

(B) RESOURCES.—The Secretary shall ensure that the Office is provided and uses sufficient resources to carry out subparagraph (A).

(5) STRENGTHENING INSTITUTIONAL RESEARCH AND PRIVATE PARTNERSHIPS.—

(A) IN GENERAL.—The Office shall, to the maximum extent practicable, promote cooperative research and development activities under the Program, including collaboration between appropriate industry and academic institutions to promote innovation and knowledge creation.

(B) ACCESSIBILITY OF INFORMATION.—The Office shall develop, maintain, and publicize information on scientific user facilities and capabilities supported by laboratories of the Department for combating biotechnology threats, which shall be accessible for use by individuals from academic institutions and industry.

(C) ACADEMIC PARTICIPATION.—The Office shall, to the maximum extent practicable—

(i) conduct outreach about internship opportunities relating to activities under the Program primarily to institutions of higher education and minority-serving institutions of higher education;

(ii) encourage the development of research collaborations between research-intensive universities and the institutions described in clause (i); and

(iii) provide traineeships at the institutions described in clause (i) to graduate students who pursue a masters or doctoral degree in an academic field relevant to research advanced under the Program.

(6) EVALUATION AND PLAN.—

(A) IN GENERAL.—Not less frequently than biennially, the Secretary shall—

(i) evaluate the activities carried out under the Program; and

(ii) develop a strategic research plan under the Program, which shall be made publicly available and submitted to the Committee on Energy and Natural Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives.

(B) CLASSIFIED INFORMATION.—If the strategic research plan developed under subparagraph (A)(ii) contains classified information, the plan—

(i) shall be made publicly available and submitted to the committees of Congress described in subparagraph (A)(ii) in an unclassified format; and

(ii) may, as part of the submission to those committees of Congress only, include a classified annex containing any sensitive or classified information, as necessary.

(7) INTERAGENCY COLLABORATION.—The Office may collaborate with the Secretary of Homeland Security, the Secretary of Health and Human Services, the Secretary of Defense, and the heads of other appropriate Federal departments and agencies to advance biotechnology research and development under the Program.

(8) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary to carry out this section, to remain available until expended—

(A) \$30,000,000 for fiscal year 2022;

(B) \$40,000,000 for fiscal year 2023;

(C) \$45,000,000 for fiscal year 2024; and

(D) \$50,000,000 for each of fiscal years 2025 and 2026.

SA 1747. Mr. KING (for himself and Mr. LANKFORD) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. SCHUMER to the bill S. 1260, to establish a new Directorate for Technology and Innovation in the National Science Foundation, to establish a regional technology hub program, to require a strategy and report on economic security, science, research, innovation, manufacturing, and job creation, to establish a critical supply chain resiliency program, and for other purposes; which was ordered to lie on the table; as follows:

At the end of section 2303(c), add the following: “The exemption authorized under this subsection may also include a categorical exemption for allied countries that appear on the list created pursuant to section 2309(a).”

At the end of title III of division B, add the following:

SEC. 2309. PRIORITIZATION AND PROTECTION OF INTERNATIONAL RESEARCH.

(a) LIST OF ALLIED COUNTRIES.—The Secretary of State, in consultation with the Director of the Office of Science and Technology Policy, the National Security Council, the Secretary of Energy, the Director of the National Science Foundation and the heads of other relevant agencies, shall create a list of allied countries with which joint international research and cooperation would advance United States national interests and advance scientific knowledge in key technology focus areas.

(b) ESTABLISHMENT OF SECURITY PROCEDURES.—The Secretary of State, in consulta-

tion with the individuals and entities listed in subsection (a), shall collaborate with similar entities in the countries appearing on the list created pursuant to subsection (a) to develop, coordinate, and agree to general security policies and procedures, consistent with the policies and procedures developed pursuant to sections 2304 and 2305, for governmental, academic, and private sector research, to prevent sensitive research from being disclosed to adversaries.

(c) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Secretary of State, in consultation with the individuals and entities listed in subsection (a), and allied countries appearing on the list created pursuant to subsection (a), shall submit a report to Congress that identifies the most promising international research ventures that leverage resources and advance research in key technology focus areas.

SEC. 51. MARKET INDEXES.

(a) IN GENERAL.—The Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.) is amended—

- (1) in section 8(b) (15 U.S.C. 80a-8(b))—
 - (A) in paragraph (4), by striking “and” at the end;
 - (B) in paragraph (5), by striking the period at the end and inserting “; and”; and
 - (C) by adding at the end the following:

“(6) a disclosure of—

“(A) whether the registrant intends to track the returns of, or benchmark against, a specific index of securities; and

“(B) if the registrant intends to track the returns of, or benchmark against, a specific index of securities—

“(i) the identity of the index provider;

“(ii) any involvement of the registrant in designing the index;

“(iii) any ability of the registrant to influence the construction or composition of the index; and

“(iv) any licensing fees paid by the registrant to the index provider.”;

(2) in section 13 (15 U.S.C. 80a-13)—

(A) by redesignating subsection (c) as subsection (d); and

(B) by inserting after subsection (b) the following:

“(c) CHANGE IN INVESTMENT POLICY RELATING TO INDEXING.—

“(1) IN GENERAL.—With respect to a registered investment company that tracks the returns of, or benchmarks against, a specific index of securities, if a deviation with respect to that index occurs such that the deviation would be permitted under subsection (a)(3) if made directly by the investment company only if authorized by the vote of a majority of the outstanding voting securities of the investment company, the investment company may not continue to so track, or benchmark against, the index, unless so authorized by such a vote or by a vote by the board of directors of the investment company.

“(2) RULE OF CONSTRUCTION.—For the purposes of paragraph (1), a deviation with respect to an index that requires a vote, as described in that paragraph, includes such a deviation that adds new, or increases the weighting of, securities—

“(A) of issuers that are headquartered or incorporated in the People’s Republic of China; or

“(B) that are listed on exchanges in the People’s Republic of China.”; and

(3) in section 30 (15 U.S.C. 80a-29)—

(A) in subsection (b)(1), by striking “this title; and” and inserting the following: “this title, which shall include—

“(A) information regarding whether the registered investment company tracks the returns of, or benchmarks against (or intends to track, or benchmark against), a specific index of securities; and

“(B) if the registered investment company engages in, or intends to engage in, the action described in subparagraph (A), the information described in section 8(b)(6)(B) with respect to the index described in subparagraph (A) of this paragraph; and”;

(B) by adding at the end the following:

“(k) ANNUAL DISCLOSURE REGARDING CHINESE SECURITIES.—

“(1) IN GENERAL.—Each registered investment company shall annually transmit to the stockholders of the investment company a report containing information regarding, with respect to any security owned by the investment company that is issued by an issuer that is headquartered or incorporated in the People’s Republic of China or listed on an exchange in the People’s Republic of China—

“(A) the percentage of the securities of that issuer that are owned by governmental entities in the People’s Republic of China;

“(B) whether the entities described in subparagraph (A) have a controlling financial interest with respect to the issuer;

“(C) the name of any official of the Chinese Communist Party who is a member of the board of directors of—

“(i) the issuer; or

“(ii) the operating entity with respect to the issuer;

“(D) whether the articles of incorporation of the issuer (or equivalent organizing document) contains any charter of the Chinese Communist Party, including the text of any such charter; and

“(E) whether the investment company was unable to obtain any of the information required under any of subparagraphs (A) through (D).

“(2) INCLUSION PERMITTED.—A report that a registered investment company is required to transmit under paragraph (1) may be included in a report that the investment company is required to transmit under subsection (e).”.

(b) TECHNICAL AND CONFORMING AMENDMENT.—Section 401(a) of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (22 U.S.C. 8551(a)) is amended, in the matter preceding paragraph (1), by striking “section 13(c)(1)(B)” and inserting “section 13(d)(1)(B)”.

(c) UPDATES TO RULES.—Not later than 1 year after the date of enactment of this Act, the Securities and Exchange Commission shall make any updates to the rules of the Commission that are necessary as a result of this section and the amendments made by this section.

SA 1752. Mr. RUBIO (for himself, Mr. COTTON, and Mr. SCOTT of Florida) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. SCHUMER to the bill S. 1260, to establish a new Directorate for Technology and Innovation in the National Science Foundation, to establish a regional technology hub program, to require a strategy and report on economic security, science, research, innovation, manufacturing, and job creation, to establish a critical supply chain resiliency program, and for other purposes; which was ordered to lie on the table; as follows:

At the end of title I of division E, add the following:

SEC. 51. AMERICAN FINANCIAL MARKETS INTEGRITY AND SECURITY.

(a) PROHIBITIONS RELATING TO CERTAIN COMMUNIST CHINESE MILITARY COMPANIES.—

(1) DEFINITIONS.—In this subsection:

(A) COMMISSION.—The term “Commission” means the Securities and Exchange Commission.

(B) CONTROL; INSURANCE COMPANY.—The terms “control” and “insurance company” have the meanings given the terms in section 2(a) of the Investment Company Act of 1940 (15 U.S.C. 80a-2(a)).

(C) COVERED ENTITY.—

(i) IN GENERAL.—The term “covered entity”—

(I) means an entity on—

(aa) the list of Communist Chinese military companies required by section 1237(b) of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public Law 105-261; 50 U.S.C. 1701 note); or

(bb) the entity list maintained by the Bureau of Industry and Security of the Department of Commerce and set forth in Supplement No. 4 to part 744 of the title 15, Code of Federal Regulations; and

(II) includes a parent, subsidiary, or affiliate of, or an entity controlled by, an entity described in subclause (I).

(ii) GRACE PERIOD.—For the purposes of this section, and the amendments made by this section, an entity shall be considered to be a covered entity beginning on the date that is 1 year after the date on which the entity first qualifies under the applicable provision of clause (i).
